### Messages About Your Electricity Supply

CMP delivers your electricity. Your electricity supply is provided by Constellation Energy (33%) and NextEra Energy Marketing LLC (34%) and New Brunswick Energy Marketing Corp (33%).

For information regarding electricity supply options, please see the Office of the Public Advocate website at: <https://www.maine.gov/meopa/electricity/electricity-supply> or contact them at 207-624-3687.

Competitive bidding for the right to supply SOP electricity is supervised by the Maine Public Utilities Commission (MPUC).

The average price per KWH for your Standard Offer electricity is \$0.118161.

Central Maine Power provides billing services for your electricity supplier. Supply payments are forwarded on your behalf, in accordance with the Maine Public Utilities Commission (MPUC) rules.

The Standard Offer Supply price increased January 1. While we have no control over the actual price of energy, we do have many free services to help you understand and manage your energy use at [cmpco.com/UnderstandYourUsage](http://cmpco.com/UnderstandYourUsage). You can also shop for a Competitive Electric Provider by visiting [maine.gov/mpuc](http://maine.gov/mpuc) or calling the Maine Public Utilities Commission at 207.287.3831.

Since 2000, CMP has been prohibited from generating or supplying power. While we deliver your power, other companies – not CMP – supply your electricity. These suppliers are not regulated by the MPUC. We do not make money from electricity supply and do not control the cost. Most suppliers, including the SOP, have their charges included in the billing statement we send you each month. Their supply charges are itemized on this page. We collect your payments for supplier charges and then send your payment to the supplier. We will deliver electricity to you safely and reliably, whether you choose the SOP or a Competitive Energy Provider to supply your electricity.
